3 Research topic

4 How can this research contribute to the development of ACENDIO's aims and mission?

5 In which of ACENDIOs research agenda topics does your application belong?
(max. of two topics can be chosen)

- ◯ Multi-centre studies exploring specific research topics on the development, use and evaluation of SNLs and eHealth
- ◯ Implementing nursing diagnoses, interventions and outcome classifications in different specialty settings (e.g., psychiatric nursing, intensive care units, home health care)
- ◯ Access to patient data, collecting and using big nursing data
- ◯ Ethical issues (e.g., the common good versus privacy and the individual)
- ◉ The relationship between using nursing data and quality of care
- ◯ Documentation models, evaluation of standards-implementation (e.g., clinical decision support standard)
- ◯ User perspectives on eHealth (e.g., competencies, informatics literacy, attitudes)
- ◯ Citizens including aging with support by eHealth (e.g., assistive devices, ethical issues, informatics literacy)
- ◯ Education and nursing informatics competencies
- ◯ Artificial intelligence approaches using SNLs

6	**Background: What is already known on this topic, what is the research gap?**

7	**Reasons for starting a study together - why is this study needed, why together?**

8	**Research question(s)/Aims:**

9	**What are the expected benefits of having (at least) two persons from two countries working together on this topic?**

10	**For what activities do you plan to budget using the ACENDIO grant?**

Items	Justification/explanation	Amount
		-
	Total Amount	

11	**Starting and final dates**

12	**Attestation on plans to attend ACENDIO General Assembly**

[◯] I plan to attend virtually
[◯] I plan to attend in person

13	**Feedback on the stage of progress of the study must be sent to:**

secretary@acendio.net

14	**Date of report submission** (2 years after starting date) **to be published on the ACENDIO website**

	Year		Month	

15	**Possible conferences to present results?**
